

On our website there is a questionnaire for new patients and a similar one for past patients for both parents and teachers to complete. Unfortunately we were not allowed to take our past records with us. The follow up questionnaire helps us to continue with the treatment more easily.

The costs are as follows;

Follow up appointments for either visual/sensory therapy or reflexes therapy (30mins) -£40 each (applies only if child was previously seen at the VTC)

1st Visual Assessment (60mins) + Follow up Visual Assessment (30mins) - £190

1st Visual Assessment (60mins) + 1st Reflex Therapy Assessment (60mins) - £230

1st Reflex Therapy Assessment (60mins) -£80

ReadAlyzer assessments, Visual tracking and Colorimetry assessments are also available.

For further queries please contact MSTCentre.
