

## The Link Book

We actively encourage parents to use the link book as we value parent input and opinion at Churchill School. The Link Book provides parents and pupils with a daily link between home and school. Comments made by teachers and other adults working with pupils may include positive comments about the pupils' day, success towards Individual Education Plan (IEP) targets, details of homework and reminders about up-coming events. The book will also carry monthly newsletters, weekly dinner menus and other letters.

Each book contains:

- A cover page
- visual timetable
- current IEP
- daily comments pages for home and school
- term dates
- house points chart
- school map.

The Link Book is not designed to cover all home-school communication and for more urgent or serious matters we would encourage contacting the school by telephone or email.
